Amazing Athletes

Extensive research shows that structured physical activity in children not only promotes better physical health, but also boosts brainpower and assists in the development of important social skills and character traits including sharing, empathy, focus, dedication, commitment, and drive. Our non-competitive group classes let children build self-confidence in a safe and fun environment while also building teamwork and good sportsmanship. Through our structured active play, Amazing Athletes advance 6 different motor skills: Balancing | Running | Jumping | Throwing | Catching | Kicking. Join the fun and enroll today.
